Training Centre

Occupational First Aid (FETAC Level 5)

This 3 day course meets FETAC level 5 standards in First Aid training and is valid for 2 years. It is suitable for people who wish to become First Aiders in the Workplace. This programme requires a high level of participation and interaction.

The course will provide the learner with the knowledge, practical skills and understanding required to co-ordinate first aid in the workplace.

The specific learning outcomes are grouped into 8 units.

- Unit 1 First aid in the workplace
- Unit 2 Patient assessment
- Unit 3 Respiratory emergencies
- Unit 4 Cardiac first response (includes AED)
- Unit 5 Wounds and bleeding
- Unit 6 Altered levels of consciousness
- Unit 7 Musculoskeletal injuries
- Unit 8 Burns and scalds, chemicals, electric shock
